what are the possible present and future effective & efficient solutions?

UNIVERSITIES AFTER UNIVERSITIES WE HAD BUILT TILL TO-DATE... start with education institutions - what are the primary products we should delivered? many corporatized universities today focussed on providing students with paper qualifications, skills and technology rather than nurturing them in character in moral in virtues growth toward preparedness in resolving many types of social-microcosm, or global-macrocosm issues, moreover, despite many advance in science, technology, medicine and innovative system in Al devices put together for better living, our intellectual still failed in delivering Life fundamental and primordial needs. Did we ever proposed, or conducted any real Life Education courses like significant of Love & relationships, significant of moral & righteous-virtues spirit, significant of correct spirituality faith, Disguised-Habits & EQ toxicities effect on us, significant of Life great-purpose, significant of conscience applications, what is Happiness & Love - in any of our universities? isn't continuous failures in resolving social-microcosm issues shall be our most shameful remorse, and priority concern we need to mend quickly? why our institutions derailed, or failed in addressing Life primordial issues & Life character virtues as most essential? our civilization now in the Dark & Delusion-Era, do you think the increasing global disasters, or macro phenomena were directly linked, or caused by the accumulation of civilization degradation, deterioration, or declination, complexity of social phenomena and men spiritual impurities, defilement, derailment, destruction or lowliness? DO YOU THINK our institutions, or intellectual can be reformed, or restored to help resolve various kinds of social-microcosm & global-macrocosm phenomenon simultaneously?

REVOLUTIONS AFTER REVOLUTIONS! what is the most basic, or essential and capable to strike & heal at the main-rotting-roots?

"school failed me, and i failed the school. it bored me. the teachers behaved like feldwebel (sergeants). i wanted to learn what i wanted to know, but they wanted me to learn for the exam. what i hated most was the competitive system there, and especially sports. because of this, i wasn't worth anything, and several times they suggested i leave. this was a catholic school in munich. i felt that my thirst for knowledge was being strangled by my teachers; grades were their only measurement. how can a teacher understand youth with such a system?

~ Albert Einstein.

simple conclusion:

the indisputable common conscience or truth of Lord's intention & will is we got to face society Life-microcosm problems directly as primary issues. if we couldn't resolved communities-micro fundamental issues thoroughly; then our global-macro issues would hardly can be resolved effectively - because both phenomenon or issues indeed inter-twined, or closely inter-related.

is there anything happened on earth or in our Life that has has nothing for us to learn, or has no values no meaning no purposes no reason no cause no indication?

LACK OF WISDOM & IGNORANCE

it is clear that since past-till-present civilization Lack wisdom to tap, savor, harness, or restore so called God/Buddha/SQ/divine/conscience/Mother Nature abundant, or intelligence. our civilization had been mislead and fall inside the default ideas/intelligence/doctrines/scriptures preached, taught, or propagated till we forgotten/missed/overlooked/ignored the primary products and common ground of great-humanity. instead of nurturing an Enlightened, or a wise civilization that can simply be referred as men of wisdom, or men of great character as primary; our civilization derailed, deluded, deflected, or devastated by skills, technologies, status, knowledge and many rootless secondary products as means to achieve successes, or desirous wealth - as safe & perpetual security. again, what's going wrong, or what's our civilization are missing? what kind of Education, knowledge, or intelligence can be actuated effectively to nourish mankind becoming more matured, responsible, civilized, or Enlightened - in total harmony with all Living beings & Mother Nature. thus is the pre-requisite key to peace, Harmony, Happiness, prosperity & justice. we are not only ignorance & in Delusion, BUT ALSO Lack wisdom in acquiring the know-how in applying LORD'S MASTERPIECE-CREATION, OR CONSCIENCE INTELLIGENCE that had been blessed in us. another words, we not only failed in acquiring the applications of Lord's Mother Nature, or SQuQ masterpiece-synergy BUT ALSO steeped inside man-made technologies, greed, Ego, stupidity & defaults intelligence - the Line of DELUDED VS ENLIGHTENED CIVILIZATION.

my Journey of faith, my vow & my testimony!

Lord's (God) has no religion, another words, God has no religion. no God is higher than truth. EVEN if i were a minority of one, truth is truth – the indisputable conscience of truth, reality, science, Mother Nature and infinite universe. in my Journey of faith, i had to go through three Darkest-tunnels of relationship, cancer and almost career bankruptcy during 1997-1999. deep in my heart, or conscience hardly grudged, blamed or cursed anyone – because i knew there is always a reason, or a cause for things to happened. MY PAINS, DARKEST OR HELLISH MOMENTS were fully transformed within 3years. My Last test was undergoing a "mysterious" coma in 2012 after a Death vow. through sincerity and compassion shall continue to inspire good Leaders to be correctly enlightened. i am fully convicted, and vowed to promote real Life Education worldwide as founder and author of drmind. thank you.
